

點點微光散遊，織衣手裡的輕羅小扇，有了熒光的佇留而光亮。流熒身側的優雅弧線取自於花瓣弧形，婉和有束。銅色與烤漆的互襯，體現當代複合性的多元思維。流熒的光源往內傾斜，暈染光粒為霧質柔輝；輕量化的設計，讓人空間能夠更自在隨心地被運用。入微的心思，芸芸生活的重量也顯得輕盈。

Drawing correlation to fireflies on a summer's night, SEED Design has captured this nostalgic enchantment. The lovely silhouette inherits inspiration from the most delicate of flower petals. The contrast color design contains the modern, sophisticated thoughts. Remaining light in weight, the softened illumination eliminates glare, creating a radiant diffused light source, allowing you to cherish the best dreaminess of fireflies twinkling in a summer's night.
