

光，如水紋般靜靜流淌。在 FLO 的弧面曲線中，每一寸光都被細緻收納，燈罩隨心轉動，映散溫柔氛圍。

嚴謹的嵌合工藝，隱去縫隙，只留下純粹而完整的光。Ra>97 全光譜 LED，如日光般真實溫暖，柔和不炫目；桌燈與壁燈款式，另以復古金飾環點綴，為靜謐流線添上一抹低調光韻。全系列涵蓋吊燈、樹燈、壁燈與桌燈，共五種形式，將流動之美帶入空間。

Light, like flowing water, moves in quiet grace. Within FLO's curved form, the light is gently contained; the adjustable shade allows a soft glow to drift through the space.

Meticulous craftsmanship ensures seamless alignment, leaving only pure and complete illumination. Ra>97 full-spectrum LED brings sunlike warmth—gentle and glare-free, while table and wall versions feature a vintage gold accent, adding a subtle glint to the serene flow. The collection includes pendant, wall, and table lamps—five variations that bring the beauty of flowing light into any space.
