

歲月更迭，LALU 經典再現。結合獨家 Φ 的設計元素，變幻為全新一代的 LALU Φ，將湖泊上的島嶼意象悄悄潛移，化作光芒漫溢的陣列群島飄浮於空中。沉穩內斂的外型伴隨自然充足的光照，使空間更加明亮且舒適。一字水平配置四座燈罩，在環框圈圍下支撐 360° 的翻轉自由，緩緩旋動即可改變光線角度，依需求調配直接與間接照明，帶來高雅細緻的用光體驗。

Introducing the new generation of LALU Φ, where elegance meets innovation. The serene imagery of lake islands has been reimagined to create a breathtaking arrangement of radiant islands gracefully suspended in mid-air. Supported by a circular frame, four lampshades are arranged in a linear configuration, allowing for a 360° free rotation. This ingenious feature enables adjustable light angles, catering to diverse lighting needs.
