

漫光飛揚翩翩起舞，宛若一絲微風輕拂，不經意撩撥光影浮動。設計師結合對光線變化的細膩觀察和創意思考，賦予 WING 精巧的「雙向出光」：將光向上引介至半透光的雙開羽葉，舒展擺幅舞動風姿，讓空間瀾漫輕盈柔暖的氛圍；下照光源配有 66° 月暈透鏡，光線充足而不眩目，滿足日常光照的務實需求。微妙的設計思量膽大卻不妄為，光影交織間自然流露動態美感，在想像與實現中取得漂亮的平衡。

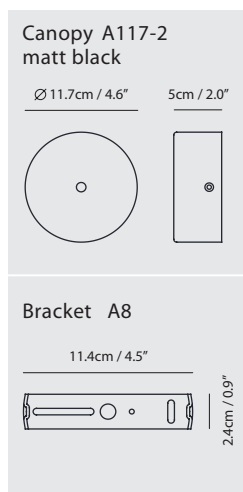

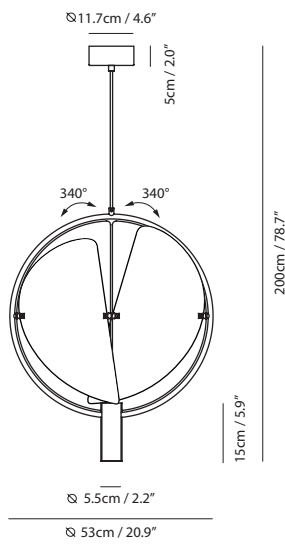

Dancing gracefully, WING embodies a gentle ambiance that playfully teases light and shadows. The designer's observation and creative inspiration led to WING's exquisite "Dual lighting" - upwards, light is softly diffused by the translucent dual-leaf, swaying elegantly to create a cozy and weightless atmosphere; downwards, embedded with high-performance LED CRI>95, and the high-efficiency optical lens narrowing down the beam angle, the premium light quality provides ample illumination without glare for practical needs. With bold yet subtle design elements, WING achieves a beautiful balance between imagination and realization, seamlessly weaving light into a dynamic beauty.

white PC + matt black

Measurement : centimeter / inches

WING Pendant

Model
SLD-530P

Material
aluminum, steel, PC

Light Source
LED 2 x 6.3W 3000K CRI>95 1070lm

Driver
Built-in dimmable driver
(triac dimming)

Weight
2.3kg / 5.1lb

Color
white PC + matt black
