

OLO 光氛符碼添加新元素「直徑符號 Φ 」，直觀地以符號外形表露其縱向仰俯、橫向擺首的翻轉特色，展現面面俱到的全方位光向。細緻出色的 U 型框，一如美麗天體的土星環，溫柔圈圍著漂浮迴旋的發光主體，且聽 OLO Φ 為人們輕柔吟唱屬於光的詠嘆調。

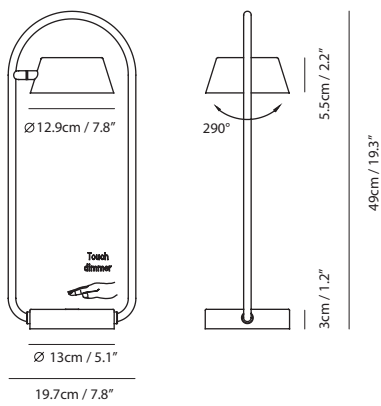

OLO Φ infused the diameter symbol Φ into the basic elements of circle and line. With the finely welded frame, it looks like Saturn ring embraces the floating and flipping lamps in its arms that served us sufficient warm light as a soft aria.
